Riverbed

Riverbed

Dip your head in the muddy calm water

Dip your head in the muddy calm water

Our redemption

Our redemption's off

Our redemption

Our redemption's off

No matter what we find

No matter what we find

Wild, wild fire

On the search for prey

Wild, wild fire

If I turn you run

Wild, wild fire

You're about to choke

Wild, wild fire

I've seen more than enough

Our redemption

Our redemption's off

Our redemption

Our redemption's off

No matter what we find

No matter what we find
