I took a walk in the midnight hour
By the dock and the churchbell tower
I felt the night bust open wide
Midnight angel by my side

I passed young lovers on the street
Holding hands, shuffling feet
Makes one wonder where love goes
Midnight angel only knows

Midnight angel meet me down
By the water's edge and the harbour town
I'll bring the lock you bring the key
Midnight angel comfort me

Up above the seabirds fly
Shimmering white in a wintry sky
How I love to watch them soar
Don't seem to dream much anymore

Midnight angel meet me down
By the water's edge and the harbour town
I'll bring the lock you bring the key
Midnight angel comfort me

I took a walk in the midnight hour
By the dock and the churchbell tower
I felt the night bust open wide
Midnight angel by my side

Midnight angel meet me down
By the water's edge and the harbour town
I'll bring the lock you bring the key
Midnight angel comfort me

Midnight angel meet me down
By the water's edge and the harbour town
I'll bring the lock you bring the key
Midnight angel comfort me
I'll bring the lock you bring the key
Midnight angel
