Yo  
We notorious  
ha  
Ain't nobody can't bang with us  
Rascalz, Checkmate, Kardinal and Thrust  
Chocclair comin' down wit the Northern Touch  
yo  
Why you people wanna bang wit us?  
Ain't nobody can't hang with us  
Rascalz, Checkmate, Kardinal and Thrust  
Chocclair comin' down wit the Northern (ticka) Touch,  
baby

Check the lingo we spread through out the atmosphere  
So distinctive no other style comes near  
So when you here, you got to peer over the legde  
To get a glance to know who is the man with the talents  
Rippin' the words like my body on the apparatus  
Sky's the limit so we're bound to break through the  
strattus  
With these rhymes that are classic  
Forget the fads or the fashion  
Step in some make on the microphone  
Hey, yo world domination the base of the foundation  
No time wasted  
Fire walk, we trail blazin'  
Burn to the next destination  
Flexin' on this world exploration,  
Teamed with the best in the nation  
Yes, so who dat be?  
Custom designed fine rhymes at this salary  
All the way from T. to the Van City, all stars  
School boys treat you like a fantasy  
Word up

Yes, yes, from the Northwest  
Van City, T. O., uh  
I like chillin', Monday night Raw watching  
Me and Dannio at the Skydome  
When its in town my peoples know  
I just be regular, so haters start dissin'

But steady, recitin' my lyrics up wit my dick in their  
mouth  
They swallowin', talkin' 'bout they need some oxygen  
People need to know Chocclair don't move in no slo mo  
Into women like a gyno, callo, giys-s  
Dollars in fist  
Now how you gonna feel when you see the 6, triple O,  
wheels start to peel  
Suave dawg appeal  
Y'all know the deal  
If you don't ask my man  
Why dawg, he'll tell you to circle rocks the spot  
T-dot represent like my Northwest connects, Rascalz  
They make the cash flows indeed  
I down the Goldschlager, big seed puffed up  
Chocclair with the ?

Yo  
We notorious  
ha  
Ain't nobody can't bang with us  
Rascalz, Checkmate, Kardinal and Thrust  
Chocclair comin' down wit the Northern Touch  
ha  
Why you people wanna bang wit us?  
ha  
Ain't nobody can't hang with us  
Rascalz, Checkmate, Kardinal and Thrust  
Chocclair comin' down wit the Northern (ticka) Touch

Yea, yea, yea  
I'm runnin' with these villianous cats, sir  
Flod the dock while kickin' it all about rapture  
You heard of killer cats like this  
Smooth, dominate your sessions  
Like o's get boxin' when i'm flexin'  
Dillinger, runnin' up on ya  
So what you thinkin'?  
I got rhymes like politicians steady politicin'  
Stick a move, I don't age I improve  
Been maximizin' my time like  
We fightin' in the spotlight  
'Aight then  
You want a battle you must be trippin'  
Whack niggas should be served an ass whippin'  
We fortify your life with five niggas  
\_\_\_ season over land  
Got people in Jamaica, Trini and London, Australia  
I bring the soul to the front like my alias  
Curb style, we'll make your nigger buck wild  
Cold flippin', sad trip then I dip and thats it

Notorious superstar  
Just to see you smile and enjoy yourself  
I know you up in here to release your dealt  
So I'm frontin' with the loop, whoever's got the wealth  
Where you?  
I'm in the V I, undetected like a stealth  
Girl you add a shape, simply you add a figure  
Can I zoom zoom, like a shot you pull the trigger  
Whatever you've seen hunny I'll show you something  
much bigger  
When its said and done, you'll be like "ooh thats my  
nigger"  
Started from scratch, baby blued eyed figure  
Shes a gold digger  
On to Hilfiger, got juice you wanna swigger  
We even answer for them, cuz we're that much bigger  
Thrust  
A regular over style that you wanna represent, present  
In otherwords I pay the rent  
I'm the past to the present and the future  
What ever suits ya, its all the same  
this kid's got game

We notorious  
ha  
Ain't nobody can't bang with us  
Rascalz, Checkmate, Kardinal and Thrust  
Chocclair comin' down wit the Northern Touch  
yo  
Why you people wanna bang wit us?  
Ain't nobody can't hang with us  
Rascalz, Checkmate, Kardinal and Thrust  
Chocclair comin' down wit the Northern Touch, the  
Northern Touch  
baby
