"Casino Queen"

Well the money's pouring down and the people all look
down,
And it's floating out of town
I hit the second deck and I spend my paycheck,
And my wife that I just met, she's looking like a wreck

Casino Queen, my lord you're mean
I always bet on black, blackjack,
I've been gambling like a fiend on your tables so green
I'll pay you back

The room fills with smoke and I'm already broke,
And the dealer keeps on joking as he takes my last
token

I've been gambling like a fiend on your tables so green

I've been gambling like a fiend on your tables so
green
Casino Queen, my lord you're mean
Casino Queen, my lord you're mean
