Drifting apart, drifting apart
Seems like we're drifting, drifting in apart

Well, I can see your love for me is fadin' and slowly
dyin'
And I can seem to get to you no matter how high I keep
tryin'
That world of love we built so high is fallin' apart
Each passing day just leaves another star and it's
tearing out my heart

'Cause now we're drifting apart, drifting apart
Seems like we're drifting, drifting in apart

I tried so hard to tell myself that I won't even hurt if you
leave me
But I don't think my heart could stand to ever really
lose you completely
The roots of love are just too deep to up and throw
away
The more you're near the more I wanna stay and it
hurts so much to say

That now we're drifting apart, drifting apart
Seems like we're drifting, drifting in apart
