"I Must Be High"

Visit "[I Must Be High](#)" on MotoLyrics.com

You always wanted more time,
Now you got it
To do what you always wanted to do
And I, I must be high,

To say goodbye
Bye bye bye
You never said you needed this
And you're pissed that you missed the very last kiss,

From my lips

To say goodbye
Bye bye bye
And I, I must be high,
Long enough to find any peace of mind

And you never looked in my eyes,
But now you got it
To let you say goodbye
And I, I must be high,

Bye bye bye
