Oh, it takes a lot of money
To treat my little honey like I want to
Yes, it takes a lot of money
To treat my little honey like I want to

I'd have to be a movie star and drive a big, big Cadillac
car
And have a pocketful of money
To treat my little honey like I want to

Oh, I'm so in love with you, honey
But I think your count sure runs thin
And every time I get a little money the prices get out
again
Oh, it takes a lot of money [unverified]

Oh, these worn out clothes I'm wearin'
They sure are an awful sight
If it wasn't for these bills I'm payin'
I'd be with you every night

Oh, it takes a lot of money [unverified]
Yes, it takes a lot of money
To treat my little honey like I want to
