It's another world when I'm with you
Roses everywhere blue skies up above everybody is in
love
It's another world when I'm with you and that's where I
wanna be
Never a day goes by when I'm blue there's no tears in
my eyes when I'm with you
It's another world when I'm with you
Nights are made for love days are never long nothing
nothing can go wrong
It's another world when I'm with you and that's where I
wanna be
[steel]
Never a day goes by when I'm blue there's no tears in
my eyes when I'm with you
It's another world when I'm with you
And it's here right now let me hold you close love you
know just grows and grows
It's another world when I'm with you and that's where I
wanna be
