"Little Bitty Heart"

Visit "[Little Bitty Heart](#)" on MotoLyrics.com

Can I get it up love can you give it up love to fill a little
bitty heart like mine

This time I got a little bit of sweet sweet love from
someone

Cause I've got a little bitty heart empty and alone

Well I think you lit but when it comes to love I'm a dumb
one

Can I get enough love can you give enough love to fill a
little bitty heart like mine

It don't take much love to fill a little bitty heart like mine

Can I get enough love can you give enough love to fill a
little bitty heart like mine

[steel]

I don't need too much I think a half a cup will do me

Cause I've heard a little bit of lovin' goes a long long
way

When our lips touched it does something to me

Can I get enough love can you give enough love to fill a
little bitty heart like mine

It don't take much love to fill...
