She's looking better by the minute and I don't know  
what's in it  
That makes the drink turn a poor boy's head

She's not much to look at a little old and a little fat  
But I'll hang around and have a beer or two  
For I know if I'll drink enough she won't look quite so  
rough  
It's amazing what a little beer can do

She's looking better by the minute and I don't know  
what's in it  
That makes the drink turn a fellow's head  
She's looking better by the minute I guess they must've  
been bended it  
To go right to a poor boy's head

She don't looks so awful bad considerin' in all this beer  
I've had  
As a matter of fact guess I could do worse  
I could take the six-packs home but I sure hate to drink  
alone  
And it takes more than beer to clinch my thirst  
She's looking better by the minute...  
[ steel ]  
In the darkness of this bar she looks like a movie star  
That goes to show how wrong the guy can be  
I guess I'd better pick her up fore I start to sober up  
We'll have a ball this movie star and me  
She's looking better by the minute...  
To go right to a poor boy's head
