"That's When I Miss You"

Visit "[That's When I Miss You](#)" on MotoLyrics.com

I want to kiss you that's when I miss you
I'm missin' what you're with me all the time
When I see a rose in bloom lovers on their honeymoon
That's when I miss oh how I miss you

When the birds begin to sing and I know it must be
spring
That's when I miss you oh how I miss you
To dream of you is my delight wondering dear if you're
all right
That's when I miss you oh how I miss you
But I want to kiss you...
[fiddle - steel - guitar - piano]
Oh the nights are much too long and when I hear our
old love song
That's when I miss you oh how I miss you
Everytime I hear your name in my heart I feel the pain
That's when I miss you oh how I miss you
But I want to kiss you...
