There stands the glass fill it up to the brim  
Till my troubles grow dim it's my first one today  
There stands the glass that will ease all my pain  
That will settle my brain brother I'm on my way

I wonder where you are tonight I wonder if you are all  
right

I wonder if you think of me in my misery  
There stands the glass fill it up to the brim  
Till my troubles grow dim it's my first one today

There stands the glass that will ease all my pain  
That will settle my brain brother I'm on my way
