What's wrong what's wrong don't you love me anymore  
You've never talked to me this way before

Lately you've been treating me unkind I wonder just  
what you got on your mind  
Have I somehow caused you misery or is it you're just  
getting tired of me  
What's wrong what's wrong...

[ guitar ]

Please won't you tell me why you act so strange  
It's not hard to see there's been a change  
I won't stand in the way of what you do  
But no matter where I stand I still love you  
What's wrong what's wrong...  
You've never talked to me this way before
