They used to let me play with her awhile this rich man's  
daughter with a pretty smile  
But I was just a poor man's ragged child and living on  
the wrong side of the tracks  
And social walls are hard to rise above the wrong side  
of the tracks can kill true love  
There's many who must know what I speak of  
If they come from the wrong side of the tracks  
[ fiddle ]  
As time went by I grew to love her so we'd slipp away so  
her folks wouldn't know  
And with each kiss our love just seemed to grow  
Though I came from the wrong side of the tracks  
True love made different worlds into the same  
It knows no boundary's made by sicial name  
But still her parents gave me all the blame cause I live  
on the wrong side of the tracks  
[ steel ]  
I guess they had a plan right from the start  
They vowed somehow they'd keep we two apart  
They moved her far away and took my heart  
And left me on the wrong side of the tracks  
Yeah I recieved her letter yesterday she tells me just to  
wait there'll be a way  
But will they kill her love by things they say  
And leave me on the wrong side of the tracks
