Young but true love my love for you love constant and deep in my heart

And there's no denying two hearts will be dying if we let them keep us apart

And waitin' will link them the time that could string them

A love that means our happiness

For there's none more fewer and there's none more surer

Than young but true love that is ours

[ac.guitar]

And if dreams we've started leave us broken hearted together we'll share all the tears

Just two young they'll flame it but we'll never blame it On young but true love that is ours
