We gonna do a song

Me and my crew like to play around  
We like to laugh and joke and have fun while we going  
down  
Born and raised in Philly  
We go jam and jam and jam actin' silly  
We got a dance we do at a party  
That we'd like to introduce to everybody  
It ain't the Humpty nor the Lambada  
More party pump than a damn piniata  
You may have seen it on my TV show  
Yeah I know I dance like a pro  
Cause I get busy and I get loose G  
On the dance floor can't another brother juice me  
Cause I'm smooth and I move loosely  
With a spin or a kick like Bruce Lee  
Come on get on the floor and take the chance  
Everybody it's time to dumb dance

Now what's a dumb dance you might ask  
Well let me take you to my dumb dancin' class  
Its called dumb dance 101  
It's where we teach smart people how to be dumb  
Here's the background and here's what's up  
Back in Philly where we grew up  
We used to party all the time  
Just playing around and make a Soul Train line  
This old train line the concept changed  
To put it in joint got flipped and rearranged  
The line turned into a contest yo  
To see who could dance not the worst but the best  
though  
So in Philly the dance caught on fast  
People starting challenging me to dance  
So I got busy quick as the music was played up  
How you gonna beat me at a dance I made up  
Now you know that I can throw that  
Body of mine fine so I'm about to show that  
Guy who thinks he can do it a bit better  
I'm the creator, originator so go and get a seat to sit

down  
So I can demonstrate a dance that's easy to do  
And you don't have to contemplate a move at all  
Just take a bit of a chance  
Its time to dumb dance

Everybody in the house just (Clap your hands)  
Come on just (Clap your hands everybody)  
Just (Clap your hands)  
Come on just (Clap your hands everybody)  
Say (Clap your hands) Say (Clap your hands)  
Say (Now we come to the real thing) Ha

Well there it is y'all the dumb dance concept  
But let me break it down for those of you who haven't  
got it yet  
It's the new craze coming across America  
And I really really really don't care if you do it with a  
partner  
Or do it alone  
If you do it at a club or you do it at home  
If you really can't dance then here's ya chance  
Go for your's on the dance floor everybody dumb  
dance

(What does it all mean) (I don't know)  
(What does it all mean) (I don't know)  
(What does it all mean) (I don't know)  
(What does it all mean) (I don't know) Ha what?  
(What does it all mean) (I don't know)  
(What does it all mean) (I don't know)  
(What does it all mean) (I don't know)

(Now then let us have some fun)  
(What's up doc)  
(Cha cha cha forward back)  
(Cha cha cha back forward) One, two, three now)  
(Everybody reach reach over the top)  
(Everybody reach up don't stop don't stop)  
(Everybody reach reach over the top don't stop)  
(Everybody reach reach over the top)  
(Everybody reach up don't stop don't stop)  
(Everybody reach reach over the top don't stop)  
(Everybody reach reach over the top)  
(Everybody reach up don't stop don't stop)  
(Everybody reach reach over the top don't stop)
