I been young, I been old
I been hurt and consoled
Heart of cold, heart of gold - so I'm told
I been lost, I been found
I been taken by the sound of my own voice
Voices in my head

[Hook]
I can't help it if I fall in love with you again
I'm calling just to let you know it dawned on me

Every night is a test
To the East or the West, the sun rises and sets
That's the sun at it's best
I forget that I know, I regret letting you go
Sometimes I can't believe how dark it can be

[Hook]
I can't help it if I fall in love with you again
I'm calling just to let you know it dawned on me

So on, and so forth,
And again I will start to begin at the end

[Hook]
I can't help it if I fall in love with you again
I'm calling just to let you know it dawned on me
