"I Love My Label"

Visit "[I Love My Label](#)" on MotoLyrics.com

Oh yes
I love my label and my label loves me
For she's so good and kind together we will pave our
destiny
My label always loves to hear some pretty chords for
its records like these ones
She's always pleased to hear some of these pretty
melodies
so I sing 'em some

I love my label, I love my label yeah
And my label's got high hopes in me

Play the blues

Oh I'm so proud of them up here, we're one big happy
family
I guess you could say I'm the poor relation of the
parent company
They always ask for lots of songs but no more than
2:50 long so I write 'em some
They never talk behind my back and they're always
playing
my new tracks when I come along

I love my label, I love my label yeah
And my label's got high hopes in me
I love my label, I love my label yeah
And my label's got high hopes in me
