"Open Mind"

I will throw myself underneath the wheels of any train
of thought
Running off the rails I'll sail you through the roadways
of your brain

If I could bring a light to shine upon the dark and
disobey
The night so young but I still say we're too old for
cliches

Oh I can only dream of the dreams we'd share if you
were so inclined
I would love to be the one to open up your mind

I could base my whole existence upon the cherry-
strands of your gold hair
Courtesy of
I would ask, almost insist upon treating you kind and
fair

Oh I can only dream of the dreams we'd have, how our
hearts would be
Entwined
If you would let me be the one to open up your mind

I'd still be myself beneath the banks unbroken beside
the stream
Ready to return your thoughts unlearned so it goes, so
it seems

Oh I can only dream of the dreams we'd share if you
weren't so defined
I would love to be the one to open up your mind

If you would let me be the one to open up your mind
