Are you under the impression,  
This isn't your life,  
Do you dabble in depression,  
Is someone twisting a knife in your back,  
Are you being attacked,  
Oh, this is a fact,  
That you need to know,  
Oh, oh, oh, oh Wilco,  
Wilco,  
Wilco will love you Baby,  
Are times getting tough,  
Are the roads you travel rough,  
Have you had enough of the old,  
Tired of being exposed to the cold,  
The stare of your stereo,  
Put on your headphones,  
Before you're exposed,  
Oh, oh, oh oh, Wilco, Wilco,  
Wilco will love you baby,  
So many wars that just can't be won,  
Even before the battle's begun,  
This is a man with arms open wide,  
A sonic shoulder for you to cry,  
ay, ay, ay, on, Wilco,  
Wilco will love you baby,  
Someone twisting a knife in your back,  
Are you being attacked,  
Oh this is a fact,  
That you need to know,  
Oh, oh, oh, oh Wilco,  
Wilco,  
Wilco,  
Wilco,  
Wilco will love you Baby
