You and I
We might be strangers
However close we get sometimes
It's like we never met

But you and I
I think we can take it
All the good with the bad
Make something that no one else has, but

You and I
You and I

Me and you
What can we do
When the words we use sometimes
Are misconstrued

Well I won't guess
What's coming next
I can never tell you
The deepest well I've ever fallen into
Oh I don't wanna know
Oh I don't wanna know
Oh I don't need to know
Everything about you

Oh I don't wanna know
And you
Don't need to know
That much about me

You and I
We might be strangers
However close we get sometimes
It's like we never met

But you and I
I think we can take it
All the good with the bad
Make something that no one else has, but

You and I...
