t's even better than in dreams  
but I still row the boat upstream  
all my friends call me a liar  
I lay here swimming in desirebut I'm no swimmer i'm a  
flyer

Late at night the empty streets I walk  
Look inside in my head I talk  
I'm a lover I'm a FREAK  
In your heart I'm gonna sneak  
Cause I'm stronger when I'm weak

Crucial thoughts that I have had  
But they could never drive me sad  
Yea I've tried every jumper switch  
Nothing works to get this witch  
Must be the season of the bitch

So I sit here jamming with myself  
Sometime it's heaven then it's hell  
No matter how tricky it could get  
Live is not at all that bad  
When you're creaming in your hand

I dream of you I dream you're free  
And in my dreams it is me!!!!!!  
I kiss your lips, they taste cosmetic  
I touch your skin I get extatic  
Boy, when I'm in love it is PATHETIC
