all the love that you've given me
it helps me see what's right
all my life now you've given me
a chance to see your light
all the feeling i have for you
let it come on through
when i cry you heal my pain
help me come to you
all down the dead end street
its in my feet your kind (?)
sun is shining right on my face
this is the place to find
when it stops
choices are few
it's just me and you
give me what i need to live
help me come to you
let me hear that song
let me hear that song
let me hear that song
let me hear that song
on this journey you've given me
i'm walking all the time
now you're walking right next to me
the mountains we will climb
all the feeling i have for you
standing in your shoes

when i cry you heal my pain
help me come unglued
let me hear that song
let me hear that song
let me hear that song
let me hear that song
How deep is your love?
Oh, how deep is your love?
How deep is your love?
Oh how deep is your love?
How deep is your love?
Oh how deep is your love?
How deep is your love?

Oh how deep is your love?
How deep is your love?
Oh how deep is your love?
How deep is your love?
let me hear that song
let me hear that song
let me hear that song
let me hear that song
Hallelujah
Hallelujah
Hallelujah
Hallelujah
Hallelujah
