I wellcome you, back into my peace  
My spirit loving spirit  
I welcome you, back into my hands  
My spirit, frustrated spirit  
I welcome you, back into my heart

All the rapture drept  
All the rapture drept  
All the rapture drept  
All the rapture drept  
I welcome you back into my ears  
My spirit, vibrating spirit  
I wellcome you, back into my head

All the rapture drept  
All the rapture drept  
All the rapture drept  
All the rapture drept  
I welcome you back into my feat  
My spirit, loving spirit  
I wellcome you, back into my hands  
My spirit, frustrated spirit  
I welcome you, right into my ears  
My spirit, vibrating spirit  
I wellcome you right into my head
