The Rapture
(Love is all)

Love is all my crippled soul will ever need.
Love is all my crippled soul will ever need.
It's ok to feel this way,
It's ok-
It doesn't matter anyway.

Love is all my crippled soul will ever need
and time will take a bigger part, a-part of me.
well tonite, your la-love is all i need.
Your love, yea your love is all i need.

Sun goes up and sun goes down
I dig love and just having you around

Love is all
