An empty word

Falling from inside

My empty head

Inside I think

Everything finally comes and goes

And nothing leaves anymore

falling deeper into someone else

Falling deeper into someone I (don't) know

One way or another

I seem to have lost my place in this world

I feel as if things around me

Suddenly lost all meaning

All relevance

I don't know where I'm going anymore

Wish someone could tell

I must be blind or asleep

All I think I see is no one
