Get yourself together!  
Get out of your head  
Without outer persuasions  
You're better off dead  
Learn how to breathe  
You'd better learn how to shine  
These obser-ma-vations  
Are mah-ma-ma, mah-ma-ma  
Muh-ma-ma-ma-mine

Down on your knees  
Pleading for life  
Shards of a mirror  
And twist of a knife  
So get yourself together  
Unwrapped ball of twine  
These obser-ma-vations  
Are mah-ma-ma, mah-ma-ma  
Muh-ma-ma-ma-mine

No  
(One heart) no, nah-no  
(One heart) no, nah-no  
(One heart) no, nah-no  
(One heart) no, nah-no
