When I met you I had nothing to lose,
You could live without me, I could live without you.
You told me all your secrets, you can tell me the truth
Yeah

Now we're inseparable like the earth and the moon
You revolve around me, I revolve around you
If I wasn't then I don't know what I would do
Yeah

I read your diary,
I had to know what was in your head.
If you don't talk to me
Know that I'll do it again

Before there was us my heart had been crushed
Fell in love with someone, I gave him my trust
He hurt me so bad and that makes you dangerous
Yeah

When I found that note from your ex-girlfriend
Started wondering what you doing
And wondering where you've been
And why you never told me that you saw her last
weekend
Yeah

I read your diary,
I had to know what was in your head.
If you don't talk to me
Know that I'll do it again
[x2]

When I opened up the pages and started to read,
It said that I was your everything
[x2]

I didn't know... until...

I read your diary,
I had to know what was in your head.

If you don't talk to me
Know that I'll do it again
[x2]

If you don't talk to me
Know that I'll do it again.
