Revel in the plans you make  
Linger in the lull  
Think about the effort saved  
Distance comes in droves.

Distal burden waits on the shoulders of the great  
Alaska.  
Tundra, frozen over permanent preserves forworn  
disaster.  
Polar tides, pulling suffocation ushered in by ancient  
icebergs.  
Evil, creeps along the coastline underneath the belly of  
Alaska,  
Underneath the belly of Alaska, underneath the belly of  
Alaska.  
Revel in the plans you made  
Linger in the lull  
Think about the effort saved  
Distance comes in droves.

Distal burden waits on the shoulders of the great  
Alaska.  
Tundra, frozen over permanent preserves forworn  
disaster.  
Polar tides, pulling suffocation ushered in by ancient  
icebergs.  
Evil, creeps along the coastline underneath the belly of  
Alaska,  
Underneath the belly of Alaska, underneath the belly of  
Alaska.
