

## Archers of Loaf "Revenge"

Revenge, smarter than the radio,  
Better than the gossips taken from your mouth.  
Revenge, looking for some better shit.  
Looking for a thumb tack for your back.

You're living like a jerk, living like a jerk.  
Saying one thing just to prove another.  
Revenge, instant satisfaction,  
Sweet success for the working class.  
Revenge, working like a dynamo.  
Better than the gossips taken from your mouth.  
Revenge, looking for some better...  
Looking for a thumb tack for your back.

You're living like a jerk, living like a jerk.  
Saying one thing just to prove another.  
Revenge, instant satisfaction.  
Sweet success for the working class.
