On and on you wait so long  
It only takes a word if you found where it went wrong  
Fists, gists and communists  
I feel like a log, it's a dog in onyx  
Take a while and adjust a-myself  
Ooh, it was something else

Well it was something else

If life  
If life  
If life  
If life  
If life  
If life  
If life  
If life  
If life  
If life is like a love bank, I want an overdraft  
If life is like a love bank, I want an overdraft  
If life is like a love bank, I want an overdraft  
If life is like a love bank, I want an overdraft  
Yeah!

In, in, invest to gain  
You go get out and you find there's nothing  
Take, take, the whole world rakes  
You don't get it back, that's a-economics  
Gets to my head, is it good for my health?  
And it was some thing else

Well it was something else

If life  
If life  
If life  
If life  
If life  
If life  
If life  
If life  
If life is like a love bank, I want an overdraft

If life is like a love bank, I want an overdraft  
If life is like a love bank, I want an overdraft  
If life is like a love bank, I want an overdraft  
Yeah!

Everyone will take it 'til there's nothing left to give  
Shiiiiittt!!

If life is like a love bank, I want an overdraft  
If life is like a love bank, I want an overdraft  
If life is like a love bank, I want an overdraft  
If life is like a love bank, I want an overdraft  
If life is like a love bank
