She's all that, she's all that, she's all that it takes to
convict you.~She's all that, she's all that, she's all
that it takes to convince you.

~You might make most of them believe you, but
not me;

I have got your number.

~I'm on you like a shadow.

I follow your every lie.~

It ain't me that's catching your disease.

Uh-huh, your eyes are saying one thing.~Your
mouth is saying another thing.~

You think you're going to cut me down to size?~

Ah ah, 'cos I'm in the middle of your little enterprise.

~She's all that, she's all that, she's all that it
takes to convict you.

~She's all that, she's all that, she's all that it
takes to convince you that she's all that...

She's all that (x3)

All eyes are buying into you and your disguise,
and you can paralyse every guy you see.~

You're good, but there ain't no flies on me.

~You should know by now that there ain't no
guarantees.~

Uh-huh, using up your time,

walking on a thin line thinking that you're gonna get
across.

~Ah ah, 'cos I'm gonna party when they nail you
to the cross.

She's all that, she's all that, she's all that it takes to
convict you.~

She's all that, she's all that, she's all that it takes to
convince you that she's all that...

She's all that (x3)

~You're gonna get it when you don't see it
coming (x3)

~You're gonna get it baby...

She's all that, she's all that, she's all that it takes to
convict you.~Ç~€~”
She's all that, she's all that, she's all that it takes to
convince you that she's all that...
(x2)
She's all that (x7)
