You've lost that feeling in your kiss
I'm only holding on for show
My God, your taste I'm gonna miss
But now it's time to let you go

You don't do much for me no more
You used to make me warm and slow
I'm so awake my eyes are sore
I see it's time to let you go

It ain't no good if it don't feel good
Real good, it still felt good to me
If you feel you should be understood
We know where you should be

Take everything that smells like you
Leave just reminders left to show
That at one time, man, we were two
And now it's time to let you go

'Cos at one time, man, we were two
And I see it's time to let you go
