Vers:

I remember the good old days
Before we went our separate ways
We played in the sun
With naked feet and scraped knees
Doing what we ever pleased we were just having fun

Bridge:

It was days without worries
It was days without fear
Happy just playing like kids do
Yeah those were the days that I'll never get back
and I'm never gonna feel like that again

Refr:

Moments of our lifes has passed
Memories will forever last
Take me back
Don't know where life turned around
Were there something I could have done
Take me back there

Vers:

Everything was different
The playfulness and innocence
was all that we had
The spirit of a single child
So untamed free so strong and wild
Things couldnt be bad

2nd bridge:

But as time goes by and the more that we learn
The more things I know that we lose
But things doesn't have to be worse than before
It's just a mattter abaout how we choose to live

2nd Refr:

Moments of our lives has passed
Memories will forever last
Take me back there
Moments of our lives has passed
Memories will forever last
Take me back
Don't know where life turned around
Were there something I could have done
Take me back there
