"Kma Goodbye"

She strutted in and she blew right past me
Shoulders back and her head held high
Straight to the bar and slammed a shot of whiskey
Got out her phone and sent a text to mine

She said you SOB
I saw your PIX with your new GF
I'm tired of your BS
OMG TMI
You're SOL you can KMA goodbye

She hit the floor and she grabbed some cowboy
The dirty dog 'neathe the neon light
Whooped out her phone and with her middle finger
Shot it to me one more time
She said you SOB
I saw your PIX with your new GF
I'm tired of your BS
OMG TMI
You're SOL you can KMA goodbye

You SOB
I saw your PIX with your new GF
I'm tired of your BS
OMG TMI
You're SOL you can KMA
AMF GTH
Just go FO and KMA goodbye.
