Give me a lake that I can dive into
Bury my head in the shit at the bottom
Fuck today
Fuck San Francisco
Fuck California
I realize I never gave you a chance
I realize I never gave you romance
At the top of the hill
At the top of the hill
Leave me to stream in the current or breeze

Give me a lake that I can dive into
Bury my head in the shit at the bottom
Fuck today
Fuck Oakland
Fuck California
At the top of the hill
At the top of the hill
Leave me to stream in the current or breeze
Leave me to stream in the current or breeze
Leave me to stream in the current or breeze
