It's enough to leave you blind:  
The world of gathered time  
That's sleeping in the walls of the canyons.

But under these big city lights  
Every hour shines when the clocks  
Hiding the time find midnight...

We're going back to the womb!  
We're going back even beyond it!  
We're going back to the root  
From the tree that grew upon it!  
Disappearing down an alleyway  
Babe, I ain't gonna leave a trace  
And we'll wake up with a New Face  
And a New Name

The River is flowing in your heart  
Carving canyons in the dark  
Quick, somebody make a spark  
So I can catch a glimpse.

I know I let you down  
But I'm gonna stand up and take account  
For this crumblin' big city town  
Let's get out!  
Let's get out!  
Let's get out!

We're going back to the womb!  
We're going back even beyond it!  
We're going back to the root  
From the tree that grew upon it!  
Yes, I ain't got no more faith  
But I'm gonna believe anyway  
That we'll wake up with a  
New Face and a New Name

Where do we belong?  
Where do we belong?  
Where do we belong?  
Where do we belong?
