There's a place in the town where a car crashed
There's a place in the town where a car crashed down
There's a fork in the road where a car crashed
There's a fork in the road where a car crashed down

There's a house on the hill where the wind blows
There's a house on the hill where the wind slows down

My family 1 generation ago
My family 2 generations ago
My family 3 generations ago
My family 4 generations ago

There's a room in the house where the dad sighs
There's a room in the house where the mom lies down
There's a fork in the road where a car crashed
There's a fork in the road where a car crashed down

My family 1 generation ago
My family 2 generations ago
My family 3 generations ago
My family 4 generations ago
