[Mr. Shadow]

I'm not like Snoop, talking about the gambino  
I'm Mr. Shadow, I got you wet El Nino, ike Nino Brown  
But In my part of town, mothafuckas that be wondering  
End up on the ground, from the roots of soul  
I was born to be a foe, beware nothing  
In this world could have scare me, stare me down  
Like if you got pops, a barage of gun shots putting and  
end to the cops  
And now it's just me and you, and I'll be seeing you  
At your gave for trying to act brave, you could of  
stayed  
But the pigs couldn't wait, and those fools that betrade  
For your ass that never prayed, for cheers if you never  
shed a tear  
Now you sleep with the maggots you mothafuckin  
faggots  
Your clan should have never ran cause I'm the man  
Mr. Shadow gots you mothafuckers stranded in my  
land

[Chorus] (2x)

What goes around comes around, the tables turns  
It's the Shadow of your death come back I'm gonna  
burn  
You slip away slow but I won't it go, what goes around  
comes around

[Repeat]

[Mr. Shadow]

I walk up in the cemetry and I was buried  
But then I made out when you thought you laid me out  
And now it's all about the pay back, think of way back  
I'm your terror, your enemy forever, so let's call the  
preist  
Ain't no peace til deaseced, I be the first mothfucka to  
release  
My demon, I know I got you dreamin and screamin,  
stirring up the news  
Cause you heard I broke the rules, never leaving clues,  
I'm refusin to lose

Every fool that I stake, bes believe I payed my dues,  
many clues that took  
Live my life as a crook, take look where ya step or I  
might ressurect  
And Huantcha, bitch mothafucka cause I wantcha  
Teach ya'll a lesson that your momma never taughtcha,  
I shotcha, took ya for the life you were living, your  
enemy for life  
And you still see me grinning

Chorus

[Mr. Shadow]

I'll see you in the next life, I'll be waiting  
If you think you've seen the last of me, you're  
mistaking  
Now you don't have to ask, let me run you down the  
facts  
They way you bust raps is the way up bust caps, fuck  
the snaps  
I gave you all my testimony, you're a fruad you's a fake  
And forever be a fony, now throw away your fantasy  
That you were me, but never could it be, because I'm  
bigger then the sea  
I saw ya coming, I was walking you were running,  
And all of a sudden I was pointin and blastin, at you  
I was taking away every day that you lived, and I never  
forgive  
Unforgiven, physco way I was driven with the evils how  
I'm livin  
6 letters in my name, 6 thoughts up in my brain, 6 shots  
from my slug  
Gotcha wakin up in a frame, a memory of you but it's  
all because of me  
Till you paid for your sins is the day I set you free

Chorus
