Angel I imagine your body  
It tingles me in the night  
You are my obsession  
And I want to get this right  
You lap me up for hours  
Until it was light  
And covered my body with flowers  
And rushed me to delight  
And come on boy  
Angel face  
Wrap me up I can't wait  
I remember the dress  
I was wearing  
It hung loosely  
It was a hot and sticky summer  
And you tore it off of me  
And come on boy  
Angel face  
Wrap me up  
I can't wait  
All the people will come

And people will go

He's the one lover

I can't let go

All the people will come

And people will go

He's the one lover

Sent to me from above

I have been gone for so long

But he's still around me

Life just goes on

Its seems so wrong

How he still surrounds me

And come on boy

Angel face

Wrap me up

I can't wait

All the people will come

And people will go

He's the one lover

I can't let go

All the people will come

And people will go

He's the one lover

Sent to me from above

Angel I imagine your body

Tangled up with mine
