Will you dance with me

Will you hold me close

Will you dance with me

Can we just let go

Oh dance with me

With your hand

Against the small of my back

Losing all sins of time and the past

Can you feel my heart

Pressed against yours

Caught in the moment

Of my private rapture

Can you feel my desire

My sensuality

Caught in the moment

Of my private rapture

Don't you wanna do something?

Will you move with me

Like you move inside

Will you come with me

Will you make me smile

Oh dance with me

With your hand

Against the small of my back

Losing all sins of the time and the past

Can you feel my heart

Pressed against yours

Caught in the moment

Of my private rapture

Can you feel my desire

My sensuality

Caught in the moment

Of my private rapture

Can you feel my heart

Pressed against yours

Caught in the moment

Of my private rapture

Can you feel my desire

My sensuality

Caught in the moment

Of my private rapture

Come on darling

Come onto the floor

Can't you see

I'm waiting

Ah come on lover

Don't you want some more

Can't you hear me saying

Can you feel my heart

Pressed against yours

Caught in the moment

Of my private rapture

Can you feel my desire

My sensuality

Caught in the moment

Of my private rapture

Can you feel my heart

Pressed against yours

Caught in the moment

Of my private rapture

Can you feel my desire

My sensuality

Caught in the moment

Of my private rapture
