"Come'n Get Me"

Come with me for a while.
I'll take you and make you want me.
It's not game, show it's true.
You're welcome so move on over
I wanna be the one, I wanna show you how it's done
Don't wanna let you down,
I'm gonna make you satisfied
I'm gonna show you how,
I'm gonna give you what you want,
What you want, baby what you really want

Come'n get me if you love and respect me
Come'n get me, you will never forget me

I do know what you want.
I'll show you, it's something special
Don't be shy, take my hand.
Believe me, we'll make it all right
I wanna be the one, I wanna show you how it's done...
