Do me, do me, do me right
Do me, do me...

I wait up late at night
Put out the candlelight
Go to sleep because i know
You'll be here tomorrow when i wake up
Give all the time you need
Your words i will believe
See it though the little things
If you know never to abuse it

Don't try me
Don't lie to me
Don't be afraid
Oh..

Dhorus:
Do me, do me, do me right
Now make
All your wishes come alive
When I say
Do me, do me, do me wrong
And i will
Give you more than you have to pay
Do me, do me, do me right
Now make
All your wishes come alive
When I say
Do me, do me, do me wrong
And I will
Make you wished that you never stayed

Do me, do me, do me right
Do me, do me...
Champange and caviar
So close but no cigar
All I need is what you are
Designer suit?
I'd rather see you on the weekend
Any words than honesty
Is more than enough for me

I'll wait and I'll be true
I just need to hear you say "I love you"

Don't try me
Don't lie to me
Don't be afraid
Oh..no

chorus:

Do me, do me, do me right
Now make
All your wishes come alive
When I say
Do me, do me, do me wrong
And I will
Give you more than you have to pay
Do me, do me, do me right
Now make
All your wishes come alive
When I say
Do me, do me, do me wrong
And I will
Make you wished that you never stayed

Give you all the time that you might need
Every single word I will believe
If you never ever crossed the line
If I had the chance I will stand by you
But you got to promise to be true
Anyway I say
Do me right now and make your wishes come alive

Chorus:

Do me, do me, do me right
Now make
All your wishes come alive
When I say
Do me, do me, do me wrong
And I will
Give you more than you have to pay
Do me, do me, do me right
Now make
All your wishes come alive
When I say
Do me, do me, do me wrong
And i will
Make you wished that you never stayed
Do me, do me, do me right
Now make
All your wishes come alive
When I say

Do me, do me, do me wrong
And i will
Give you more than you have to pay
Do me, do me, do me right
Now make
All your wishes come alive
When I say
Do me, do me, do me wrong
And i will
Make you wished that you never stayed
