Aren't you gonna come 'cause you wanna come
Won't you come play?
Aren't you gonna come 'cause you wanna come
Won't you come play?

Oh yes, yeah I got a little somethin' I want you to play
with
And it ain't a little somethin' I usually give away
You see I'm looking for a new one to join my band
I promise you'll have a lots of fun once you take it in
your hand

What a gentle sound what a pretty little sound
When you shake it all around
It's making me move 'cause you know just what to do
You're the best I've ever found

What a lovely sound what a sexy little sound
It'll never let you down
'Cause I know that you can make it scream

My tambourine
Now won't you come and play?
My tambourine
Cradle it in your palm

My tambourine
Now get down on your knees and play
My tambourine

Now I see you wanna keep on playing the same old
tune
So you better gonna practice to learn something new
And if you're looking for somebody who'll guide you
through
Then you already met your match 'cause honey I can
shake it too

What a gentle sound what a pretty little sound
When I shake it all around
It's making you move 'cause I know just what to do
I'm the best you've ever found

What a lovely sound what a sexy little sound
It'll never let you down
'Cause I know that I can make it scream

My tambourine
Now won't you come and play?
My tambourine
Cradle it in your palm

My tambourine
Now get down on your knees and play
My tambourine

If you want to come and play you better be on your way
'Cause it'll be here waiting
And if you want to maybe stay know that it's okay, okay
'Cause it'll keep on playing

Won't you play?
Won't you play?

What a gentle sound what a pretty little sound
When you shake it all around
It's makin' me move 'cause you know just what to do
You're the best I've ever found

What a lovely little sound what a sexy little sound
It'll never let you down
'Cause I know that you can make it scream
Because I know that you can make it scream
Oh I wonder how you make it scream?

My tambourine
Won't you come and play?
My tambourine
Cradle it in your palm

My tambourine
Now get down on your knees and play
My tambourine

My tambourine
Won't you come and play?
My tambourine
Cradle it in your palm

My tambourine
Now get down on your knees and play
My tambourine

Aren't you gonna come 'cause you wanna come
Won't you come and play
Aren't you gonna come 'cause you wanna come
Won't you come and play

Aren't you gonna come 'cause you wanna come
Won't you come and play
My tambourine
