[Intro: Solomon Childs]

One more time, right?

Fo' sho, heh, reporting live from Nexus

[Chorus: Solomon Childs]

To the fellas in the place

Put the kitty cat up and take chase

Sippin' Perignon by the case, rep it for the west to east

Flossin' nothing less than a fifty cent piece

To the ladies in the place

With the dicky dicky hunting, take chase

Sippin' Alize by the case, flossin' for the fellas

Watching all them chicken heads get jealous

[Solomon Childs]

To the fellas in the place

I think I saw Halle Berry in the place

Gotta be amongst some of the most beautifullest  
women on the planet

Cheers, but they extravegent talent, Timbs and hits

Bouncin' around like Patti LaBelle

Ladies night, with Angie Martinez and Coco Chanel

You ever been to Club Cheetah?

It's getting hot in here, grey goose in the 2-liter

Daddy's little girl, and you don't wanna get involved  
with the thugs

Although we got nothing but love, although

In the club, there's nothing but love

[Chorus]

[Solomon Childs]

Ain't you Solomon Childs?

Yeah, I heard about your many styles

And I heard about your many tours

And I heard about the girls you go out for

What you think girls be yellin' about, talking about

On the phone conversating all day about

Listen, we just met girl

And that don't mean I won't thug you out

Hold you up, and hold you out

You better watch what you talking about  
Shit, I'm a pimp, you ain't know, girl?  
I can understand your repertoire, girl  
And understand the ways that you tryin' get it tight, girl  
How you try'nna roll around, girl  
How you and your whole team in the club, bouncing  
Around, through ladies night, doing ya thing  
Shittin' it up and giving it out  
Uh, hope that you giving it out  
And oh, the DJ about to play the last record  
And you know what that mean  
After the club, it's the after party, and  
After the party, it's the hotel lobby, and  
After the hotel lobby...  
I'm try'nna get you a MetroCard, boo... holla

[Chorus]

[Outro: Solomon Childs]

Uh, you can-you can-you got it, you got it  
You can-you can-you got it, you got it  
You can-you can-you got it, you got it  
You can-you can-you got it, you got it  
You got it, you got it
