lipstick on my face
thunder in the sky
the shades are drawn
don't ask me why

but with the ghost riders on the go
I think you know
but with the ghost riders on the go
I think you know
it goes something like this

crater in my brain
where the strippers go insane
cabin number 4
ain't gonna smile no more

but with the ghost riders on the go
I think you know
but with the ghost riders on the go
I think you know
it goes something like this

attack of the ghost riders
