"Blush"

All I want from you is everything
I ever wanted for just one night
And all I care for is for you
To leave me alone
When the morning comes
Take everything we had away from you
And you away from me

I can't keep you
I can't hold you tight
I can't lull you to sleep
Despite my hurtful ways
I can still make you blush

Tremble lips speak
Sound screams
Lover's death
It's time you leave
And all I want from you is all I took

I can't keep you
I can't hold you tight
I can't lull you to sleep
Despite my hurtful ways
I can still make you blush
