Take a little time to get to know me
The night is open don't you feel the same as I
Cause I can do everything
A heartbreak stroll with someone special
The L.A lights will never be the same
Tonight I kill those memories

Get it all now cause I'm on the prowl
Come on baby right now
Get it all straight cause you're whistle bait
Come on baby right now

Feel the earth move when you're shaking that thing
Hard to be around when you've got nothing to gain
I gotta go home and sleep it off
