I close my eyes
To hurt you
To leave you
I never told you
That I
Can't stay
It was never
Meant to be
For me

Everyone I'm sure will tell you
"Love will need you"
But I don't believe you

Cause I never had it
The way I
Was supposed to
It's all dead and gone
Believe me
When I say
It was never
Meant to be
For me

Everyone I'm sure will tell you
"Love will need you"
But I don't believe you

I close my eyes
To hurt you
To leave you
I never told you
That I
Can't stay
It was never
Meant to be
For me
