Yo, when I say I â€¦ the agent
Look into the eye of my opponent
They feel sorry for themselves even though I've grown
them
I don't wanna hide, but your men will say I own them
But I'mmaâ€¦ don't phone them
I'm a top ..already, I won't clone them
Don't ever startâ€¦ how I go thatâ€¦
If you wanna fuck with my scars, then be my guest
Wanna fuck with my heart, then be my chest
Want me to put you on, be my guest
If you want me to part you, then be my test,
Nigger, see my quest, I wanna be the best
You can't see it, but you wanna be a pest
And your music, I won't invest
Cause your part is way below the breast.
I roll that chubbyâ€¦
All to get money likeâ€¦
When I say the fever will come in â€¦
Also the days I was happy
Actually a jungle, some never knew I had this
..and I run this city, free chains on, and I run thisâ€¦

I'm the king ofâ€¦ if you don't like, hit 'em and jump off
the cliff one time
..that man ain't ever beâ€¦
I'm the king ofâ€¦ if you don't like it then jump off the
cliff one time
..that man ain't ever been â€¦

Won't say that I told you, mean she knew itâ€¦
..if you really wanna strap with your melon
You stopped playing songs like you done it six yearsâ€¦
Everybody told youâ€¦
There's a liquor problem, you got no belly
â€¦you're not heavy
I wanna hear heavy again, noâ€¦
You bluff, you ain't gonna shit another day
And you want us swing ways with the heavies
I never saw where he is berried
And I ain'tâ€¦ far shit

If you wasn't crying andâ€¦. with a party
But you seem like you needed a ..
Why do you care for?
Whyâ€¦ is gonna put you here for?
What you ever done out here that makes a Lord wanna
put you here for?
I've done free, but you fear for
I'm doing ten, so you hear more
And now my head turning, cause I wanna find words
that rhyme withâ€¦
If you hate me and you don't like me â€¦
..man, I gotta move that floorâ€¦
Who's that winner, why â€¦that boy east side of the
river
..take care of family, take care of friends
I got the power, stand, deliver
Make a noise of aâ€¦ so I'mma put it out now, let me
see itâ€¦
Quiet cool, like the color blue
Same color as aâ€¦ drink, don't wait for the day I sink
Cause moreâ€¦. I sink.
So I'mma hang inâ€¦ I know you don't work, I'mâ€¦
If you don't wanna sing my praise
And you â€¦ that I was erased
All because I don't risk my head â€¦
Then you ain't gonna sing my praise
Keep thinking that I was erased,
all because I don't risk my head â€¦
